Come explore the mountains, rivers, coast, and wilderness of the Pacific Northwest as you intern at one of the top schools of Forestry in the world.

OSU College of Forestry is ranked 2nd in the world and is a world leader in research and application.

In summer 2026 we are accepting a small number of **current** international students (undergraduate or Masters) to intern with our faculty for two months. You'll spend time in our state-of-the-art research labs, conduct field-work, and advance active global projects.

- 2 month internship working directly with Forestry professors in Corvallis, Oregon

- Assistance in J-1 visa processing
- Full reimbursement for visa, flight, housing, meals, and health insurance during the program dates

- Meet and connect with leading researchers and professionals in forest management, timber production, modeling, natural resources, ecology, and renewable materials

For 2026, we are accepting interns from Universidad Aysen, Universidad Austral, Ecole Supérieure du Bois, Fachhochschule Salzburg, Swedish University of Agricultural Sciences, National Taiwan University, UiTM Malaysia, University of Ibadan, University of Rwanda, Makerere University, CATIE (Costa Rica), University of Primorska, and Nong Lam University.
