Subject: **LOOKING FOR ORIGINAL ARTWORK for KRASEN FESTIVAL 2025**

We are looking for original artwork that will be the key visual for the 4th edition of Krasen festival.

Krasen Festival takes place in an inspiring place above two worlds, under the warm autumn sun in Škocjan on Karst, above Škocjan Caves. The festival's emphasis is decentralization of culture – it is a platform which serves as a connecting point between Slovenian and international artists and their works with the local audience and features four main programs: film, music, theatre, and fine art.

In previous years, we have hosted several distinguished artists, including Berlinale-awarded film director Urška Djukić, pianist Bowrain, acclaimed filmmaker Damjan Kozole, London-based multidisciplinary artist Leila Bartell, and many others.

The artwork may include the following subjects in its design, but not obligatory (it can also be added later):

- Krasen festival logo
- Date and location (5.-7. September 2025, Škocjan 7)
- Instagram QR code
- Logos of our financiers

The chosen artwork will be featured on our social media platforms, turned into posters and will be the key visual of Krasen 2025. The artist will be invited to attend the festival, have an opportunity to connect with Slovenian and foreign artists and will have media coverage, provided by the Krasen festival team.

You can submit your artworks until **11th of July 2025** to our email:

krasenfestival@gmail.com with the subject: KEY VISUAL Krasen festival 2025

For further inspiration visit our Instagram page ([@krasenfestival](https://www.instagram.com/krasenfestival)) and become a part of some of the most prominent Slovenian and foreign talent.

Kind regards,

Ajda Opara
